COMPANY OVERVIEW

Simkins & Elgazar LLC is a Virginia SWaM-certified small business delivering **independent, third-party digital accessibility compliance** and **applied artificial intelligence** services to state and local governments. Our accessibility work follows the DHS Trusted Tester methodology, the federal gold standard for Section 508 and ADA conformance testing, while our AI practice builds and governs reliable, privacy-conscious automation. We pair rigorous, standards-based testing with hands-on engineering to help public agencies meet their compliance obligations and modernize how they work.

CORE COMPETENCIES

Digital Accessibility & ADA / Section 508 Compliance

- Manual accessibility audits of websites, applications & documents against WCAG 2.1 / 2.2 AA
- Document accessibility testing & remediation: PDF, Word, Excel, PowerPoint
- VPAT® / Accessibility Conformance Report (ACR) preparation
- Independent re-testing & validation of remediated issues
- Accessibility risk advisory & ADA Title II compliance program support

Artificial Intelligence Solutions

- Custom AI / large-language-model application design & development
- AI governance, policy & documentation for regulated organizations
- LLM output evaluation, quality grading & red-teaming
- Workflow automation, agentic tooling & retrieval-augmented (RAG) systems
- On-device / privacy-preserving AI for confidentiality-bound data

Data & Administrative Support

- Document scanning, digitization & format conversion
- Data preparation, cleansing, entry & multi-source integration
- Process automation, reporting & general back-office support

TEAM & EXPERIENCE

Maximilian Simkins

CO-FOUNDER • ACCESSIBILITY & DATA

DHS Certified Trusted Tester for Web. Financial and data analyst background; builds Python and SQL automation, performs large-scale data and anomaly analytics, and prepares data across CSV, XLSX, PDF and cloud (AWS, Azure) platforms.

Ahmed Elgazar

CO-FOUNDER • AI ENGINEERING & GOVERNANCE

Business systems analyst specializing in applied AI. Designs and evaluates production AI / LLM systems, authors AI governance and Section 508 documentation, and builds open-source AI tooling with Python, RAG and agentic workflows.

WHY SIMKINS & ELGAZAR

- **Federal gold-standard method.** Testing built on DHS Trusted Tester, not automated scanners alone.
- **Truly independent.** Third-party validation with no stake in the systems we test.
- **AI + accessibility under one roof.** A rare pairing that modernizes compliance work.
- **Small, direct & responsive.** Principals do the work; no layered overhead.
- **SWaM eligible.** Helps agencies meet small-business & supplier-diversity goals.
